SSD Technology

Pocket SSD

with Keyring and Cable Attachment

Designed for ultimate portability, the Pocket SSD from Verbatim is ultra-lightweight at 58 grams and at just under 97mm in length, small enough to slip into your back pocket.

Compatible with both PC and Mac operating systems, the SSD interface is USB 3.2 Gen 2 for super-fast data transfer speeds of up to 10Gbps*. The SSD handles large data transfers quickly, ideal for high res video editing, managing large amounts of data or maximising gaming performance. The Pocket SSD comes with a USB-C® to USB-C® cable in a handy cable holder, for seamless connectivity in a travel-sized package.

The Pocket SSD uses flash memory storage, offering fast speeds and high performance. SSDs have no moving parts which make them more reliable, completely silent, and use less power!

The included keyring keeps your SSD securely attached to a belt loop or backpack... even a set of keys! The thoughtfully designed cable holder keeps the USB-C® Cable neatly stored and tangle-free... perfect for travel.

For added security, Nero Backup software is provided to help you back up all your files, folders, and drives from your laptop or PC whenever you want. It also allows you to schedule an auto back up to a set time and day to ensure that it gets done regularly! Nero Backup Software is only compatible with Windows OS.

*Actual transfer speeds depend on file size, computer performance and operating system.
